

Aletsch Glacier Round Trip

The most spectacular glacier hike in Switzerland

Program:

We meet at **8:15 a.m.** at the Bergsteigerzentrum Aletsch at the Volken Sport Store and Café in Fiesch, which is directly situated in the valley station of the gondola FieschFiescheralp. From here we take the gondola to the Fiescheralp at 2222m. There we start our hike via Tälligrattunnel to the Gletscherstube at Märjelensee at 2350m. There our mountain guides distribute the technical equipment for the glacier tour.

After a short break, we continue towards the Aletsch Glacier. There you will be roped on. Before we start with the approx. 2 - 3 hours round trip on the glacier, the mountain guide will orient you about the correct behavior on the glacier. After 1½ hours of hiking and some interesting explanations and stories about the Aletsch Glacier, we will have a lunch break on one of the large medial moraines. After the lunch break we will continue to be on the ice for about 45 minutes before returning to the Gletscherstube. If you like, you can spend the rest of the time at Märjelensee. Otherwise the hike goes back to the gondola at Fiescheralp. We will be back in Fiesch at approximately 4:00 p.m.
